

# Go Bush for a day & help save the Red Tails

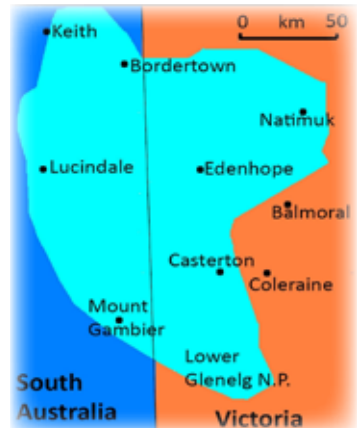

Contact Tania  
Freecall **1800 262 062** or  
**rtbc@birdsaustralia.com.au**  
and select a site that suits you...  
(56 sites throughout the region to  
choose from - see map below)

Then, on the day, drive around  
(4WD recommended) with a  
friend or two, a pair of binoculars  
and listen for the Red-tail call (check  
**www.redtail.com.au** to hear the call).

There's also an informal  
campout at Bailey's Rocks  
(Dergholm State Park)  
following the annual count.  
BYO all camping gear, food  
and drinks. Firewood  
provided. No pets please.
